

# ATTENTION: INTERNATIONALLY-TRAINED HEALTHCARE WORKERS!

- Have you been trained to work in healthcare in another country?
- Do you need a license or credential to find work in healthcare in Minnesota?
- Are you ready to prepare for work in your field in Minnesota?

## HIRED CAN HELP!

Hired's Internationally Trained Healthcare Worker program helps you translate your credentials and training, so you can find employment in your field. Our services are available for eligible participants, **at no cost to you!**

### Services We Offer:

- Career Coaching and Counseling.
- Degree Translation Services.
- Assistance in transferring international transcripts.
- Funding to assist with additional required training or coursework.
- Support Services: Funds for unexpected expenses or emergencies, or connections with other agencies.
- Job Search Assistance.
- Career Ready workshops offered with Prosperity Ready.

### To People Who:

- Are at least 18 years of age.
- Are Residents of Minnesota.
- Previously or currently have been licensed for same or similar work in their country of origin.
- Want to re-enter the healthcare workforce.
- Need a post-secondary degree, diploma, or certificate to obtain professional licensure to do similar work in Minnesota.
